New Income Opportunity for **InterNACHI** Home Inspectors

MoistureFree has created a new income opportunity for residential home inspectors – as a **MoistureFree Certified Roof Inspector**. Homebuyers, Realtors, Builders, and Homeowners wanting a roof evaluation along with warranty protection will require an inspection conducted by a **MoistureFree Certified Roof Inspector**. This will drive business to the inspector and allow them to increase their earnings. A training & certification program for roof inspectors has been created to educate inspectors in the proper installation of roofing materials and in effective inspection techniques. Upon review and successful completion of the online test, the inspector is awarded distinct status as a **MoistureFree Certified Roof Inspector**.

Benefits

- ✓ Leads
- ✓ Differentiation
- ✓ New Opportunities
- ✓ Increased Income

MoistureFree Warranty Corporation is a leading warranty company protecting thousands of stucco homeowners from moisture intrusion with the nationally recognized MoistureFree Warranty. With consumers demanding more and more protection, MoistureFree has created the **MoistureFree Roof Performance Warranty** for existing roofs as well as for new roofs. In order for consumers to acquire this unmatched 3rd party protection, a **MoistureFree Certified Roof Inspector** must first conduct an inspection.

MoistureFree Certified Roof Inspectors can diversify their services by offering clients this level of inspection service, as well as informing them of their eligibility to purchase warranty protection. Also, **MoistureFree Certified Roof Inspectors** will earn additional income from fees paid by MoistureFree for Quality Assurance Inspection details.

As a **MoistureFree Certified Roof Inspector** you can also market your services to new homebuilders. Builders are using MoistureFree inspectors to inspect the installation of their roofing materials in order to obtain up to 15 years of **MoistureFree Roof Performance Warranty** coverage. MoistureFree also encourages the **MoistureFree Certified Roof Inspector** to build his own network of local, experienced **MoistureFree Certified Roof Installers**. The inspector's network will earn him further income from all warranties sold to the independent roofing firm's clients by MoistureFree staff. You can reduce your liability just by approving your client about the **MoistureFree Roof Performance Warranty**.

If you're a **InterNACHI** inspector looking to grow your income, then you should consider this exciting opportunity. We're pleased to offer **InterNACHI** Inspectors a **Special "Limited Time" Discount**.

DON'T WAIT TO participate in this program. For more information, please visit; www.moisturefreeinspections.com, See "**InterNACHI Inspectors**" to get your discount or call 800.400.8679 ext 6.
